

### Services for Mississippi's Seniors

Our seniors have worked hard, built our communities, and raised our families; they deserve to live the American dream by enjoying their golden years. Today, Mississippi's seniors are faced with a constantly rising cost of living and many are barely getting by on their social security and pension payments. Travis Childers is committed to ensuring that our seniors have access to quality healthcare and affordable services. Travis is also committed to protecting both Medicare and Social Security.

Congressman Childers' office can assist seniors with both the Social Security Administration and issues you may be having with Medicare. Please feel free to contact any of the district offices for assistance. Below, you can find various federal, state, and local organizations which are dedicated to helping seniors maintain the quality of life they deserve.
